Re: **Range Hood Fire Suppressor Recall**

**Notice: RED-21-22**

It has come to the attention of IHCD that there has been a recall of the **Stove Top Fire Stop** Rangehood Fire Suppressor **Model# 675-3D**.

These have been the most popular rangehood fire suppressors used on RHTC developments for years.

Please check the brand and model numbers of the fire suppressors used at your developments and contact the manufacturer for replacement if your fire suppressors have been recalled, as there has already been an RHTC development where this failure occurred.
